The logo for Luxury Living Properties is contained within a square frame with a glowing gold border. The text "LUXURY LIVING" is written in a bold, gold, sans-serif font, with a thin horizontal line above and below it. Below this, the word "PROPERTIES" is written in a smaller, gold, sans-serif font.

■ ABOUT US

Design

Our expertise work closely with you the customer to fully capture your vision for custom retail fixtures, store displays, space furnitures and residential interiors

Planning + Engineering

From prototyping to engineering, we plan your space's retail display fixtures in full collaboration with you to create the interior spaces suitable to you

Manufacturing + Installation

Our team combine technology and craftsmanship to build your custom corporate and retail displays to your specifications. Installations are carried out on time and on budget

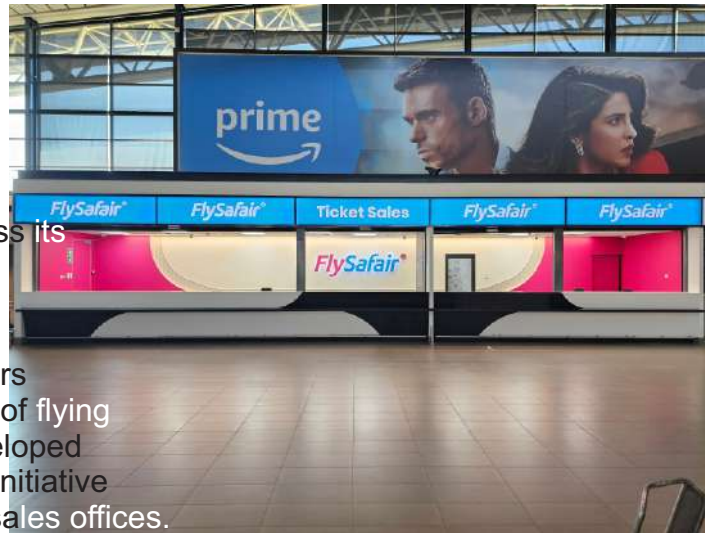

RETAIL PROJECTS

FLYSAFAIR

(2023. Location: all SA airports. Budget - R7m)

Design concept:

Embarking on a new era of airport marketing, FlySafair, a prominent South African airline, challenges the status quo with a mission to express its playful brand in a sophisticated manner. While keeping customers in the air remains a top priority, the introduction of new ticket sales counters mark a strategic move to excite customers before and after their travels. Inspired by the love of flying these counters with a user-centric approach, enveloped in the distinctive FlySafair brand. The nationwide initiative has successfully created a collection of inspiring sales offices.

CORPORATE PROJECTS

SWIFT

(2023. Location: Melrose Jhb. Budget - R600 000)

Design concept:

'Across Capital Markets, ESG, Macroeconomics, Payments & Trade, Risk and Technology, the next half a century will present new challenges and new opportunities.'

As an interior designer, one has to internalise the corporate's vision in order to reflect as close as possible the company's character within its environment.

The technology and surface finishes in the design concept attempted to achieve this.

RESIDENTIAL PROJECTS

BLUE HILLS EQUESTRIAN ESTATE (2024. Location: Jhb. Budget - R8m)

Design concept:

With comfort being the primary requirement for for any home, functionality and aesthetics are almost as important.

Coming to a home, from a highly paced external world, should be coming to a place of comfort. All our interior design project are anchored on this approach.

The selection of materials and furniture finishes are also a by-product of this thinking.
